Data Conversion

If you are currently using another practice management system, or have your own database of patient records, we can help in converting your current data into PPS. Our data conversion starts from just £50. Please call us to discuss your requirements.

Multiple Clinic Locations / Remote Appointment Booking

Our unique system of synchronising PPS databases allows you to use PPS at another location, out on the road, or your appointments to be booked from another clinic or office.

This facility is FREE! All you need is to purchase a main PPS Licence for each of your remote locations and have an annual support contract in place for each location. Please call us to discuss your requirements.
